

## 7 - Teach Truth - 6 Finances

*This part was not developed and instead a resource was suggested to cover this content.*

*Institute of Basic Life Principles produces a seminar called *Financial Freedom*.*

*It is available at: <http://ibpl.org>*

*Financial Freedom Seminar by Jim Sammons. It costs \$99. You receive a 10 DVD set.*

*It was mentioned that the older seminar which was on VHS was very good. It is put out by a Baptist church. All financial principles are biblically based. The previous VHS seminar had some thoughts in the end that weren't exactly SDA in nature when it came to the size of the family and not using birth control. We are not aware if that has been changed in the newer DVD set. What is being recommended are the financial teachings that are biblically based.*

*The story of this man giving the seminar is that he was very deep in debt... so deep that he and his wife did not see how they could pay off their debt in their lifetime. But they did... and then were able to go on and purchase shopping malls debt free in the future. The seminar shares the principles that got him out of debt.*

*If you purchase and find anything unsuitable in the newer set, please let us know at SonLight Education Ministry so that we can alert others.*
